**To Help Sandia Corporation's Community Chest Drive**

Governor Edwin L. Mechem and movie actress Penny Singleton will take part in the big Red Feather rally to be held in the Gymnasium Monday afternoon, Oct. 6. Attendees at the meeting will include more than 500 Sandia Corporation employees who make up the family campaign team, representatives of the AEC, Sandia Base and the Albuquerque Community Chest.

The meeting will be held the day before the kickoff of the campaign in Albuquerque which will seek to raise more than 600 Sandia Corporation employees to take part in the program during the coming year. The meeting will conclude with a selection after which Dr. R. P. Petersen, chairman of the Community Chest Committee, will introduce Governor Edwin L. Mechem, chairman of our Sandia Corporation campaign.

Others to take part in the program will be Donald A. Quarles, president of Sandia Corporation, and K. C. Shinn, chairman of the Community Chest Campaign, and presidents of the two unions representing Sandia employees.

We are indebted to RKO Radio Pictures, Inc., for their cooperation in making possible Penny Singleton's presence here. A portion of the proceeds of this appearance will go to the Community Chest campaign.

While she was here Miss Singleton visited Dr. Edwin L. Mechem in the Veterans Hospital, and it was there she met Governor Mechem and Miss Singleton.

For Penny Singleton's visit to the Old West, Miss Singleton was able to secure an appearance on the Western film "The High-Plains Outfit." Other films include "The White Feather Song," "The Old Mill Serenade," and "The White Feather." Penny Singleton also appeared in "The Whirlwind," "The Whirlwind Song," "The Old Mill Serenade," and "The Whirlwind." Penny Singleton has made a total of 21 appearances in the last year.

**Planning to Stage Bridge Tournament**

Coronado Club members and their guests will have an opportunity to test their luck in a bridge tournament scheduled for Nov. 16. George Arnest, 5a41, is making plans for the event which will have trophies on hand for first and second place winners.

George recommends that you use your best nights as well as the best hands; you can have a great deal of fun in the tourney.

- **Coordinating Community Chest Solicitation Plans**
  - Harold C. Barr, division superintendent of 5216, will present a paper, "Use of High Speed Photography in Field Testing," at the Oct. 5-11 Symposium sponsored by the Society of Motion Picture and Television Engineers, Washington, D.C.
  - This year marks the 75th anniversary of the industrial use of high speed motion picture photography and the meeting celebrates the occasion with the symposium which is international in scope. Engineers from all over the world will attend.

- **Bronze Star Goes to Wallace Eder**
  - Wallace Eder, a member of the administrative division of 5216, recently was awarded the Bronze Star by the Secretary of the Army.
  - The honor, addressed to Capt. Wallace Eder, Inf. USAR, cited his "exemplary service in ground combat against the armed enemy while assigned as 1st lieutenant, 160th Inf. Regt., about Feb. 1, 1944, Pacific Theater of Operations.

- **A Message from the President**
  - Since our mission was formed, a large measure of the strength has rested upon the willingness of neighbors to help one another and by mutual protection and support to meet any and all threats to local, state or national well-being. This Community Chest plan for the unification of fund-raising efforts for the various services and agencies supported by the community is typically American. In the accent way that our forefathers gathered voluntarily for a barn raising or a corn-husk raising or a quilting bee to help their neighbors, Americans today join hands through the voluntary contribution of funds to support worthwhile agencies and services which strengthen our community.

- **Payroll Deduction for Chest Pledge**
  - Contributions to the Red Feather Chest may be made through payroll deductions by Sandia Corporation employees, the drive for the last pay period in October and May may be in made in three installments by those on the assembly payroll and H. 2 installations for those on the world payroll. Solicitors will have deduction authorization blanks.

- **Men's Glee Club Needs More Voices**
  - The Sandia community men's glee club is seeking out a few more voices to sing such ballads as "The Whirlwind Song" and "The Old Mill Serenade." Every Monday night at 7:30 the ballad singers, known as the "Sandifiers," get together at the Coronado Club and practice.

- **Planning to Stage Bridge Tournament**
  - Coronado Club members and their guests will have an opportunity to test their luck in a bridge tournament scheduled for Nov. 16. George Arnest, 5a41, is making plans for the event which will have trophies on hand for first and second place winners.

Boom Town, USA—Your Stake in Albuquerque...

The City of Albuquerque, one of the fastest growing communities of the nation, is finding that there's a lot of truth in the ancient maxim, "All that glitters is not gold." Practically bursting at the seams with a tremendous influx of new citizens, Albuquerque is faced with many serious problems in expanding its facilities to accommodate the growing population. These problems, as a result of being essentially provided for, and meanwhile, are all prepared to make the best of it. But what of the human problems presented by this rapid growth?

During 1949 and 1950, the growth of Albuquerque was greater than that of any of the country's 165 metropolitan areas, according to official census figures. The population of Bernalillo County more than doubled and the City of Albuquerque registered a population gain of 173 per cent—almost triple the 1940 population. Most of this growth actually occurred in the previous year, since the population of the state was somewhat depleted during the war. In the two years since the census was completed the influx of people has continued at an even more rapid rate.

This raw growth here in Sandia is indicative of what has been happening in the country. There are at least 60,000 more people in Albuquerque than there were in 1945.

All of this brings us to the problems being faced this year by the Albuquerque Community Chest. Is it any wonder that the fund goal has had to be increased by 20% over 1951? Much of the increase can be attributed to rising expenses, but each of the 21 agencies supported by your Red Feather contributions has a much bigger job to do in providing for the many individuals and groups of organizations which are striving to improve the quality of life for all.

We ask you to help the handicapped, care for orphans, assistance to travelers, recreational facilities for men and women in the Armed Forces, food, shelter and clothing for those temporarily in need. The needs must be met NOW, or the human misery and distress will continue longer.

Most of all, if we all meet to the financial needs of the Red Feather agencies, we are meeting the needs of our own communities. We have an obligation to make our town a healthy and happy place in which to live and no thinking person can be happy with his own good fortune if there are others less fortunate who desperately need the assistance he can give so easily and conveniently through the Community Chest. The foundation ten place today over which this new City of Albuquerque will be the base upon which our own children will build its future. We must not fail to bring that foundation to bear against the disastrous due of civic pride and public responsibility.

YOUR COMMUNITY CHEST DOLLARS ARE YOUR INVESTMENT IN YOUR OWN FUTURE.

Registration Deadline October 6

If you plan to vote in the general election November 4 you must register on or before October 6. The lines of the state of New Mexico require this registration so remember, if you wish to exercise your right as a citizen and vote you must be registered. Go to the Bernalillo County Court House and register today, don't delay.

"Why Do You Support the Community Chest?"

Dale Fastle, 32, believes in contributing to the Community Chest because he thinks it is just what it says it is. He contributes his small but used to aid and charitable organizations.

"I want to be sure that my money goes to use good cause among the community. I think is a good idea to televelop the donations into one campaign. It seems that this campaign is being used for contributions from first class employer to the next lowly worker. It is just a good idea for the poor to help the children. I like the idea of helping them by giving a little more. My money is going to the Communism."

Bernard Bearnard, 1311, likes the idea of one drive being made. You can't give anything in this world and feel regret for the state of your being. I'm not a state of action and I'm not a state of inaction. You can feel safe in your state of being.

"I have never been able to feel safe in my state of being. But I have always been felt to be. I have always been felt to be."

WINIFRED M. DAVITT, 35-2-5

I have always supported the Community Chest because I am a huge fan of the idea of helping the poor and the needy. I have never been able to support such a cause more in my whole life."

"What's the point of having a Community Chest?"

Bernard Bearnard, 1311, likes the idea of one drive being made. You can't give anything in this world, and feel regret for the state of your being. I'm not a state of action, and I'm not a state of inaction. You can feel safe in your state of being.

"I have never been able to feel safe in my state of being. But I have always been felt to be. I have always been felt to be.

This lead was short-lived, however, as the 109th scored early in the 3rd quarter to lead 11-6. The two teams battled to a draw for the remainder of the period.

In the third quarter the 109th ran a kickoff-off for a TD. The Sandias lads quickly rallied, however, as they made on passes, however, after a strong running attack got them in scoring position. Larry Callahan's touch to Frank Dugger was the combination that sent the Corporation lads both of their scores.

Sandias Employees' defensive platform held the Medics to only one first down during the entire game. The Medics' score came when Johnnie Robinson, Manager, George Duffield, Souza, and Souza, were on passes, however, after a strong running attack got them in scoring position. Larry Callahan's touch to Frank Dugger was the combination that sent the Corporation lads both of their scores.
